Authorization Granting Access to MyChart Medical Record

In signing this form, you are agreeing that your Parent(s); Guardian(s) or Person Seeking Access/Proxy can have partial/limited access to your electronic health information through MyChart patient portal application. "Proxy" is a person who is granted access to another individual's medical record. Proxy and the Patient must sign this form.

This form must be completed by the patient and Parent, Guardian, or person seeking access/proxy.

I understand there is an electronic medical record with information about my medical care and treatment at Atlantic Health System, and from doctors who work with the Health System. I am aware that some of my medical information from this record can be viewed through a secure web-based application called MyChart.

- I want to give my parent(s); guardian(s) or person seeking access/proxy permission to use MyChart to view my past, current and future care and treatment at Atlantic Health System and affiliated doctors and offices.

- I understand that this permission form **does not** allow my parent(s)/guardian(s)/person seeking access/proxy to see the following health care information on MyChart, related to **PREGNANCY or BIRTH CONTROL, SEXUAL TRANSMITTED DISEASE (STD) TREATMENT (and other REPRODUCTIVE HEALTH CARE), ALCOHOL or DRUG ABUSE TREATMENT, GENETIC TESTING, MENTAL HEALTH CARE** and/or **HIV or AIDS** (HIV is short for Human Immunodeficiency Virus, the virus that causes AIDS), nor access to refill prescriptions. I understand that after my parent/guardian/person seeking access/proxy reviews my medical information, it could be disclosed to others and would no longer be protected by federal privacy regulations.

- I understand that MyChart allows for confidential messaging. I can choose to send messages to my doctors and select the option that prohibits my parents(s)/guardian(s)/person seeking access/proxy from having the ability to view the messages.

- I know that I do not have to sign this form or use MyChart, and I can still get treatment from Atlantic Health System and their doctors.

- I understand that this form will not expire unless I request to have this access revoked through my MyChart account or when I turn 18 years old. I understand that Atlantic Health System and my doctors can revoke access to MyChart (for patients or their proxies) at any time and for any reason.

- I had a chance to ask questions about this form. Any questions I had were answered. If I choose to give my permission now, I can change my mind and cancel this form later at any time.

Please note that this form **should not** be used in the case of an emancipated minor.[1] An emancipated minor should use the Adult Proxy Form. To request a paper copy of your child's record, contact the Health Information Department at Atlantic Health System. Parents/Guardians/Person seeking access/proxy below are the following age range limitations for MyChart.

- If your child is age 0-11, you will be granted full access to your child's MyChart record. Signed proxy form is required. When child turns 12 years old, proxy access is automatically transitioned to Partial.
- If your child is age 12-17 you will be granted partial access to your child's MyChart record (e.g., immunizations and allergies). Signed proxy form is required. When an adolescent minor Full Access proxy consent form is completed and processed by your adolescent minor's doctor, you will be granted full access. Annual renewal for Full access proxy is required.
- Once your child reaches age 18, you will no longer have access to your child's MyChart record.

Please remember to read and complete page (2) of this form.

*__Disclaimer:__ Incomplete email requests, without all ID requirements attached will not be processed. Must re-submit request with all attached ID requirements.

[1]In New Jersey, an "emancipated" minor is a person under the age of 18 who is: (a) married, (b) pregnant, (c) in U.S. military service, (d) declared emancipated by a court or administrative agency.
